

**Jobs Managing
Service**

The diagram consists of a rounded rectangle on the left labeled 'Jobs Managing Service'. To its right, there are six horizontal arrows pointing towards the rectangle. Each arrow is associated with a text label. The first three labels are grouped together, followed by a gap, and then the last two labels.

```
graph RL; A1[Add / delete Triplestore configuration] --> JMS[Jobs Managing Service]; A2[Add / delete Dataset configuration] --> JMS; A3[Add / delete Query configuration] --> JMS; A4[Get current benchmark job status] --> JMS; A5[Abort individual benchmark job] --> JMS;
```

Add / delete Triplestore configuration

Add / delete Dataset configuration

Add / delete Query configuration

Get current benchmark job status

Abort individual benchmark job
